Our Specialty—Daffodils for Naturalizing

Dear Friends and Gardeners:

We hope your bulb garden was a big success this spring, and we know you are looking forward to next spring with the expectation of even more beautiful blooms. Many of you have bought bulbs from us so many seasons that we think of you as old friends. We are happy too to know that you have taken the bulbs we have grown and have made beautiful borders in your gardens or golden, white, and scarlet carpets on your hillsides and in your lawns.

Until a couple of years ago, we sold only our own daffodils. The people who bought them always seemed to like them and frequently recommended our bulbs to their friends and came back for more themselves too. In the fall of '47 we started carrying Holland-grown tulips, hyacinths, iris, crocus, and minor bulbs for the convenience of those who wanted a variety of bulbs. But we still think no other bulbs can compare with daffodils in the rich rewards they will give you for your efforts. Starting out with healthy bulbs—and ours are state inspected and certified—you can hardly fail. Pests will not attack them, and the blooms are already inside the bulbs in miniature form when we sell them. Just take a couple of simple precautions: don't plant bulbs where water stands in wet weather, and don't mow the tops before maturity in the spring. Your friends will rave over the beautiful blooms you will produce with very little effort.

To make a naturalized planting of daffodils, just select a spec. where the bulbs can remain undisturbed for an indefinite period and set them out. Our customers write us they naturalize our daffodils in vacant lots next door, in light woods, by lakes, on hillsides, in meadows. All the varieties which we list by the bushel and peck naturalize well. The larger types may not bloom quite as many years without being moved, but they are so handsome they are worth a little extra trouble.

We hope you're going to buy our bulbs this season, and we know you're going to be very successful with them. Write and tell us about anything you like or don't like about our bulbs or service. We appreciate your letters.

Sincerely yours,

(MRS.) SELINA L. HOPKINS.

WE PREPAY ALL CHARGES on all bulbs, including our bushel and peck offers, to all points EAST OF THE MISSISSIPPI RIVER.

CUSTOMERS LIVING WEST OF THE MISSISSIPPI RIVER will please add ten per cent to our prices for DAFFODILS to help with transportation charges. (This is necessary because daffodil bulbs are heavy, and the cost of transporting them is quite high.) Tulips and all other bulbs will be sent any place in this country postpaid.

MINIMUM ORDERS: One-half bushel may be bought at the bushel rate. Six or more bulbs may be bought at the dozen rate and 25 bulbs at the 100 rate.

GUARANTEE: Our bulbs are guaranteed to reach you in first class condition. Packages should be opened at once on arrival and ex-

amined. Any molded bulbs reported within 10 days of receipt will be replaced free of charge.

PRICE LISTS: If you do not intend to plant bulbs this year, you will do us and one of your friends a favor by passing this list on to another gardener.

WHEN TO PLANT ALL BULBS: Daffodils may be planted from Sept. 1 to Nov. 15 or until freezing weather sets in, but early planting is an advantage to them. Oct. 1 is early enough to start planting tulips, iris, crocus, hyacinths, and minor bulbs, and these also may be planted up until time for the ground to freeze. In order to insure that a good selection of bulbs will still be available you should place your order as early as possible however.

DELIVERY: We start to fill our accumulated orders of daffodil bulbs about September 1. The tulips, iris, crocus, hyacinths, and minor bulbs which we are offering for sale are Holland-grown. Orders for them will be filled as soon as possible after we receive our shipment from Holland, which should be by October 1. For the past two years iris have arrived later than our other Dutch bulbs; so that we were unable to ship them out until about Oct. 20.

DEPTH TO PLANT: Daffodils and hyacinths base 6 or 7 in. deep; tulips 4 in.; crocus and minor bulbs 3 in. deep.

COMPLETE CULTURAL INSTRUCTIONS will be inclosed in each order. Bulbs are easy to grow and will reward you richly for your effort.

LABELING VARIETIES. All varieties sold individually or in collections are separately packaged and labeled. Varieties sold in mixtures are not separated.

DAFFODILS BY THE PECK

(See also "Best Buy" peck and bushel offers inside folder.)

A peck contains from 80 to 120 blooming-size bulbs.

Per Doz. Per Peck Per Bu.

OUR CUSTOMERS WRITE US

Dear Mrs. Hopkins:

Brandy Rock Farm
Brandy, Va.

I am enclosing a check for \$20.00 for a bushel of the River's Edge Novelty Mixture and the premium.

I have had excellent success with a bushel purchased from you two years ago. I think it is the best buy I ever made.

Very truly yours,
LEWIS L. STRAUSS

Dear Mrs. Hopkins:

Alexandria, Va.
Sept. 30, 1948

I do enjoy your bulbs. They are mighty fine and give me a lot of pleasure, as well as my neighbors, who are now your customers.

Flowers is my hobby. When you have poor soil, it means harder work, but when spring comes and they bloom, you forget the hard work.

Yours truly,
MRS. O. J. MURPHY

Dear Sirs:

Kutztown, Penna.
Apr. 25, 1948

Kindly send me your catalog. The bulbs (tulips, hyacinths, and crocus), but for a few depredations by moles and/or field mice, turned out splendidly.

Sincerely,
ALEC WILDER

Dear Mrs. Hopkins:

Ely, Minn.
Sept. 13, 1948

Twice before I have ordered my bulbs from the River's Edge Farm. Your policies have been fine, and I have been very well pleased. This time I am ordering your bulbs to interest my neighbors and friends in spring bulb planting. They have admired mine every year, but do not do much gardening; so I am going to give each of them a few to plant. I do hope your bulbs will be the quality I have always received.

Sincerely yours,
MRS. GEORGE T. SOMERO

Gentlemen:

Groves, Texas
Oct. 15, 1948

Last Sept. 10 I ordered from you five bushels of daffodil bulbs. These bulbs proved all I expected of them. My own flowers were beautiful, and from the bulbs sold, I had wonderful reports.

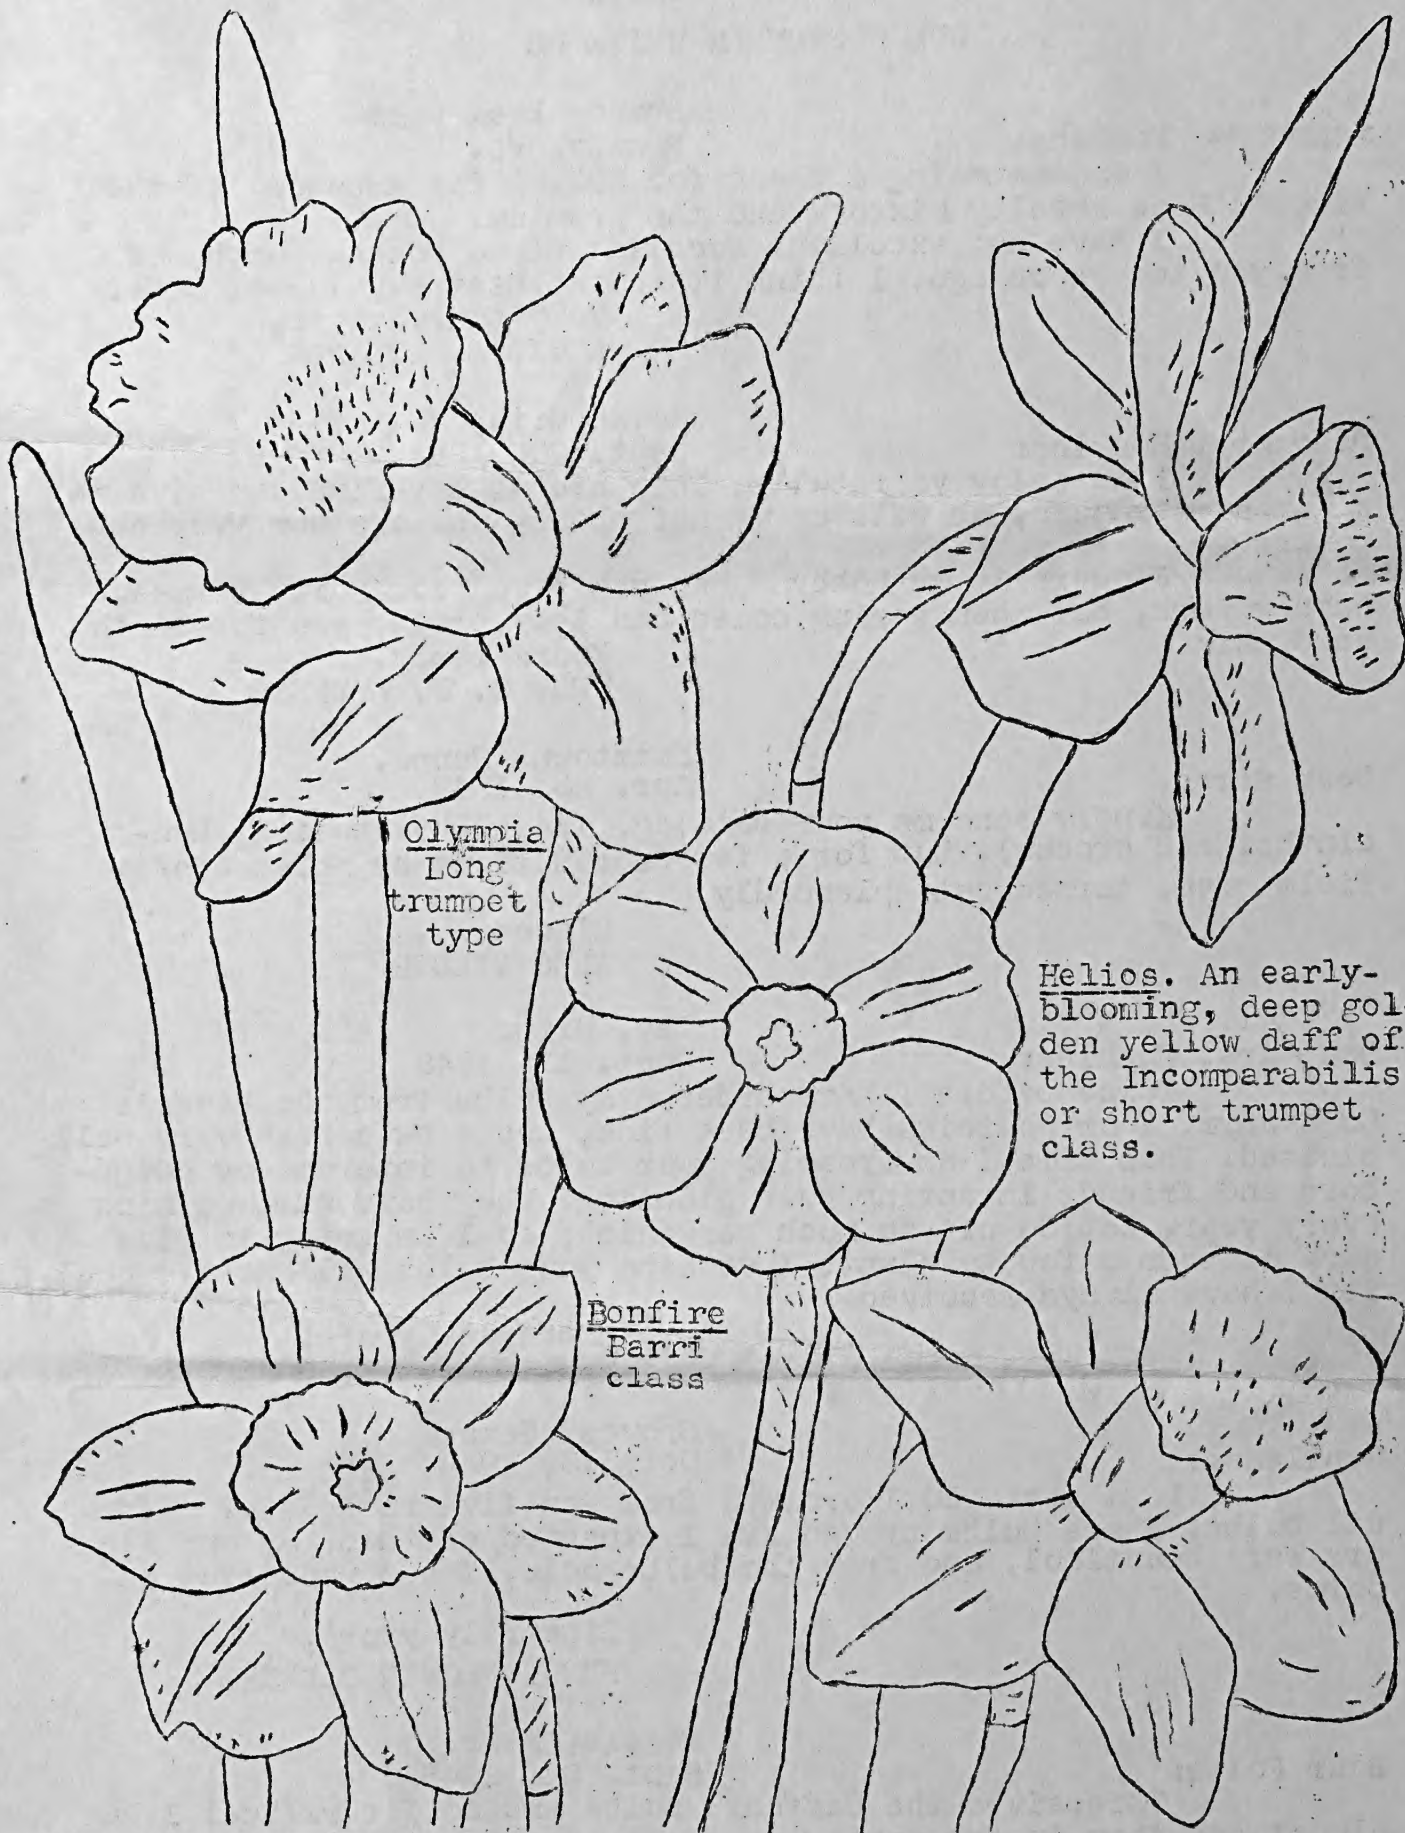

Sincerely yours,
PENNY FLOWER GARDENS

Dear Folks:

Rogers, Nebr.
Sept. 24, 1948

I received the daffodil bulbs and am I thrilled! I can almost see them in the spring.

Sincerely,
MRS. FRANK MARXSEN

Olympia
Long
trumpet
type

Helios. An early-
blooming, deep gol-
den yellow daff of
the Incomparabilis
or short trumpet
class.

Bonfire
Barri
class

Croesus. A pretty red-cup
daffodil of the incompar-
abilis class.

Beersheba. A white daffodil of
the long trumpet type.
